Gentlemen:

Contract [redacted] calls for "Time and Materials" services to be delivered in accordance with specific labor categories and corresponding hourly rates.

25X1

The number of hours originally proposed for each category was a rather broad estimate based on a limited knowledge of the required services. After we gained access to the equipment to be evaluated under this particular task, it became apparent that more hours would be required in the Senior Staff Scientist category.

Accordingly, we propose that this contract be amended to reflect the following distribution of labor expenditures:

As shown above, this change would not affect the total estimated price of this contract.

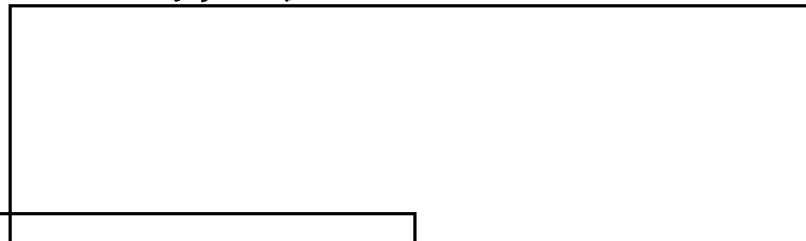

Your consideration of this request would be greatly appreciated, but do not hesitate to contact the undersigned if additional information is desired.

Sincerely yours,
